

## PTFE AWG26/7sp, 600V, +200°C

### General Information

- PTFE-Single Core  
TE- s.p.c. AWG 26 (7 x 0,16 mm) E

### Construction

- Conductor: Silver plated copper (7 x 0,16 mm)  
diameter: max. 0.48 mm  
lay length: 6.4 mm ± 10 %
- Insulation: PTFE  
diameter: (0.89 - 1.09 mm)

### Technical data

- General properties resistant at 20°C: max. 133 Ω/km
- Test Voltage (Urms): 3.4 kV AC (Sparktest)
- Operating Voltage (Urms): 600 V AC
- Weight: 3 kg/km
- Bending radius:  
7.5 x D (fixed instalation)  
18 x D (free movement)
- Temperature range: from -190°C up to +200°C

### Remark

- In according to American standard 16878
- more executions on request
- without any guarantee

- 
- Weitere Anfertigungen auf Anfrage
  - Alle Angaben ohne Gewähr
