

PFA AWG 14/19 np. UL 10371 (Copy)

Construction

- Conductor: 0,75 qmm (24x0,20mm) nickel plated copper
- Insulation material: PFA
- Diameter: 1,80 +/- 0,05mm

Technical Data

- Test voltage: 4000 V
- Operating voltage: 300 V
- Temperature range: -190°C to +250°C
- Printing: cRU/US AWM 758 250C 300V UL 1726 E472542 date

Properties

- Single-core cable with high electricel, chemical and thermal qualities

Article number: 5780075010
