

PTFE AWG20/19np, 1000V, +260°C

Construction

- Construction: Fp AWG20(19np)
- Conductor: AWG20 (19np x 0,203mm) nickel plated copper
- Insulation material: PTFE
- Diameter: 1,73 +/- 0,10mm

Technical data

- Operating voltage (U eff): 1,0 kV AC
- Test voltage (U eff): 5,0 kV AC (Sparktest)
- Resistance at 20°C: max. 31,76 Ω /km
- Temperature range: -190°C bis +260°C
- Bending Radius (fixed): 7,5 x Outer Diameter
- (movement): 15 x Outer Diameter

General properties

Cable according to - 2011/65/EU (RoHS)

Article-Nr. 5495209010
