

PTFE AWG 16 (19x0,32mm) UL 10723 300°C 600 V

Construction

- Conductor: 27% n.p.c. (19x0,32mm)
- Insulation: PTFE
- Diameter: 2,54 - 2,75 mm

Technical data

- Operating Voltage (U eff): 600 V AC
- Test Voltage (U eff): 6 kV AC (Sparktest)
- Resistant at 20°C: max. 15,8 Ω/km
- Temperature Range: -190°C bis +300°C
- Bending Radius fixed installation: 7,5 x D
- free movement: 15 x D

Property

- The cable complies with EU directive 2015/863 / EU (RoHS).

Article Number: UL1072316010
