

Silicone So 2,5mm² 50x0,25mm vz.1,8/3 kV-DC

Construction

- Tin plated copper strands
- 50 x 0,25 mm
- cross-section 2,5 qmm
- Silicone rubber insulation
- wall Thickness nom 1,00 mm
- outer diameter 4,00 mm
- max. resistance at 20°C 8,21 Ohm/km
- weight 35,50 kg/km

Technical Data

- Nominal Voltage: 3 kV DC
- test Voltage: 15000 V
- Operating temperature: from -50°C to +180°C
shortly up: to +200°C

Articlenumber: 8226025009
