

PFA AWG 14/19 np. UL 10371

Construction

Core:

- Conductor: AWG14 (19x0,37mm) nickel plated copper
- Insulation material: Fp-PFA
- Diameter: 2,30 +/- 0,15mm

Technical Data

- Test voltage: 10 x nominal voltage
- Operating voltage UL: 1000 V
- Operating voltage cUL: 600 V
- Temperature range: -90°C to +250°C
- Printing: cRU AWM I A/B 250C 600V FTI
250C 1000V 10371 RU AWM

Properties

- only for internal wiring
- Excellent resistance to aggressive chemical environments
- Excellent moisture and UV resistance
- Excellent mechanical strength
