

SiHSi 2x0,34 qmm

Construction

- Conductor: Tin plated copper
- Strand structure: 2 x 0,34 qmm
- Cores colours: red white
- Core: Silicone rubber, diameter: 2,50 +/- 0,10mm, cores bunched
- Sheath: Silicone rubber, outer diameter 6,60 +/- 0,30mm
- Sheath colour: Turquoise green similar to RAL 6016

Technical Data

- Nominal voltage: 1500 V DC
- Test voltage: 4000 V AC
- Operating temperature: -50°C to +180°C
- Bending radius: occasionally moved: 15xD
permanently installed: 4xD
