

Silikon RU UL 758 UL 3133 1,5 qmm (392 x 0,07 mm) 150°C 600V

Construction

- conductor: Tin plated copper strands, 1,50 qmm (392 x 0,07 mm)
- coreinsulation: Silicone rubber insulation (UL class 22) wall thickness 0,8 mm
- Outerdiameter: 3,30 +/- 0,15 mm
- Label: UL 3133 150°C 600V RU AWM E472542

Technical Data

- rated voltage: 600V
- test voltage: 6000V
- rated temperature: -50°C to +150°C

Applications

Household and kitchen appliances, lighting equipment, medical and laboratory appliances
