

Silicone UL 4389 5xAWG6 Tinned copper +150°C 600V OD=26,8mm +/-

Construction

- Conductor: flexible copper
- Insulation: Silikon UL 758
- Printing: cRUUS - AWM - STYLE 4389 - 150° 600V -I/II - A/B 150° 600V FT1

Technical Data

- Test Voltage: 6000 V
- operating voltage: 600 V
- temperature range: - 60°C bis +150°C
- good resistance to thermal shock and UV radiation

Articlenumber UL438956S1
