

Silicone UL 3604 200°C AWG 10-21

Construction

- Conductor: Flexible tinned copper
- Insulation: Silicone rubber according to UL 758
- Marking: AWM STYLE 3604 200°C 600V E 472542

Technical Data

- Voltage rating: 600 V
- Temperature Rating: -60°C to +200°C
- Max temp. of short circuit: 350°C on the conductor

AWG-Nr.	Construction mm	Insulated thickness mm	Total Ø mm	Max. resistance at 20°C	Articlenumber
