

SIHF/P 8 x 0,75mm²

Construction

- Conductor: Tin plated copper conductors, fine wire
- Strand structure: 24 x 0,20mm
- Core: Silicone rubber, diameter: 2,35 +/- 0,10mm, central core
3,10 +/- 0,10mm
- Sheath: Silicone rubber, diameter 9,7 +/- 0,40mm
- Outer braid: Galvanized steel wires, outer diameter: 10,50 +/- 0,50mm

Technical Data

- Operating voltage: U₀/U 300/500 V
- Test voltage: 2.500 V
- Operating temperature: -40°C to +180°C

Article number: 8225080750

Colours of cores and sheath according to customer specifications.
