

FEP sp, AWG 24/7, 600V, +200C°

Construction

Core:

- Conductor: AWG24 (7x0,203mm) silver plated copper
- Insulation material: Fp-FEP
- Diameter: (1,12 +/- 0,10)mm

Technical Data

- Test voltage (U rms): 3,4 kV core
- Operating voltage (U rms): 600 V
- Resistance at 20°C: max. 82,7 Ω /km
- Temperature range: Conductor: -190°C to +200°C
Insulation: -190°C to +260°C

Properties

- Cable according to EU-2011/65/EU (RoHS).
