

FEP tp, AWG 24/7, 600V, +180°C

180° -Construction

Core:

- Conductor: AWG24 (7x0,203mm) tin plated copper
- Insulation material: Fp-FEP (6Y)
- Diameter: (1,12 +/- 0,10)mm

Technical Data

- Test voltage (U rms): 3,4 kV core
- Operating voltage (U rms): 600 V
- Resistance at 20°C: max. 88,5 Ω/km
- Temperature range: Conductor: -100°C to +180°C
Insulation: -100°C to +205°C

Properties

- Cable according to EU-2011/65/EU (RoHS).
